a map on "Stadtplan Wilna und Umgebung" scale 1:15,000 which has been [redacted] to show the location of factories, buildings, and other installations not mentioned on the legend appearing on the map. To borrow map - call Map call number - 7

I have examined the map and find that the original legend is correct in indicating installations in Vil'nyus. I have marked the map with the symbol T showing the network of electric transformers servicing the city. I have also marked the following 18 installations which are correct as to exact location.

1. Cold storage warehouses and preparation station for refrigeration freight cars.
2. Freight storage warehouses.
3. Military warehouses (non-weapons including clothing, food, etc. only).
4. Large bakery.
5. Artesian Wells, 500 ft deep.
6. Water reservoirs.
7. Water catching reservoirs and storage facilities (on hill).
8. Vil'nyus gymnasium.
9. Cavalry barracks.
10. Railroad directorate in Vil'nyus (eight-stories high, tallest building in Vil'nyus).
